OCA FILE HPSCI OGA

OCA 3530-88

14 October 1988

MEMORANDUM FOR: [redacted] STAT
Office of General Counsel

FROM: Robert E. Fitzgerald
Director, Equal Employment Opportunity

SUBJECT: EEOC Onsite Review

1. Attached is a letter we recently received from EEOC requesting we clear one of their employees to conduct onsite review of our EEO programs. I have made no effort to contact EEOC on this issue as of yet, but I would like a reading from OGC on this question.

2. [redacted] OCA, was in touch with HPSCI some months ago on this question and I believe he gained HPSCI support to prevent such an inspection. STAT

3. After you have had time to discuss this with your colleagues, I think you, [redacted] and I should meet to plan a response. STAT

[redacted] STAT
Robert E. Fitzgerald

U.S. EQUAL EMPLOYMENT OPPORTUNITY COMMISSION
Washington, D.C. 20507

SEP 26 1983

Robert C. Fitzgerald
Director
Office of Equal Employment Opportunity
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Fitzgerald:

Under Section 717 of Title VII of the Civil Rights Act of 1964, as amended, the Equal Employment Opportunity Commission has a legislative mandate to review and evaluate the operation of equal employment opportunity (EEO) programs in Federal agencies, including the Central Intelligence Agency. We respect the determination by your agency that your employment data cannot be furnished to us for reasons of national security.

We wish to avail ourselves of an earlier offer to have a member of our staff appropriately cleared for onsite review of your EEO program data. Our designated staff member for this assignment is Mr. William P. Hubbard, Equal Employment Specialist, GS-260-13. Please contact Mr. Hubbard, or me, to make known the steps that will need to be taken on our part in order that the appropriate clearance process can be initiated.

Mr. Hubbard's telephone number is 634-9073. Mine is 634-6753. Thank you for your cooperation in this matter.

Sincerely,

Douglas J. Bielan
Director
Federal Sector Programs
Office of Program Operations
